When you don't know what SIC classification to refer to...

- Determine the Industry Classification of interest from the alphabetical index of SIC codes in section three.
- This section will enable you to establish all categories of relevant businesses as defined by four digit SIC codes.
- Then refer to the business listing in section one under the numeric SIC codes desired. The SIC codes are listed as captions in numeric sequence.

When you know the name and location of a business but are not sure of it's classification...

- Refer to section two which lists businesses in alphabetical order and provides the four digit SIC code under which this business is listed.
- Then refer to the business listings in section one under the numeric SIC code desired. The SIC codes are listed as captions in numeric sequence.

When you want to know your market potential...

- Section Two can be used to determine the SIC classifications of your existing customers. Then by referring to the list of all businesses under these SIC codes in Section One you can define your market potential.

How Standard industrial Classifications (SIC) Work for You...

Definitions of SIC Numbers

The Standard Industrial Classification (SIC) Code number indicates both the function (services, retail, wholesale or manufacturing) and the line of business in which the company listed is engaged.

All listings with the same SIC number are in the same line of business: e.g., book stores 5942; wholesaler of hardware 5072; manufacturer of luggage 3161.

The SIC code is a U.S. government index used to identify business activity.

The first two SIC digits show whether a business is a manufacturer, wholesaler, retailer or service organization within a basic industry. The third and fourth show the specific line of business.

20%

HAVE MOVED!

Don't use an old Directory!

On the average, 20% of the people listed in your Directory move during the year.

This means...

20% of the people shown in last year's Directory are people who are no longer there!

Vacant

One address taken from an old Directory may send you miles out of your way, waste considerable time, waste postage, mailing materials, gasoline, equipment and labour.

FRESH INFORMATION means more efficiency in selling, delivering, collecting, cheque cashing, fundraising.

MAKE SURE YOUR DIRECTORY IS FRESH EVERY YEAR!
